

Academic Strategic Planning
Annual Reports for Departments and Programs
2025-26
Faculty

Report Title

- 1 Tenure/Tenure Track Count by Department
- 2 Non-Tenure Track/Non-Tenured Faculty

Notes to guide review and interpretation of the reports

- The Tenure/Tenure Track report shows the count of tenure or tenure track faculty members in each department and the names of those faculty members. The Tenure/Tenure Track Position report represents faculty who were employed on the run date of the report. Faculty with appointments in more than one department are shown in their primary department. This report might be accurately thought of as occupied tenure track lines; the people listed may or may not be teaching in a given semester (e.g. serving in administrative role, sabbatical) and may or may not be replaced by another person if they are not teaching. Empty tenure track lines are not shown.
- The Non-Tenure Track/Non-Tenured report shows the count of non-tenure track faculty members in each department and the names of those faculty members. The Non-Tenure/Non-Tenure Track Positions report represents faculty who taught at any point during fall or spring semester. Faculty with appointments in more than one department are shown in their primary department. Faculty who taught in the fall or spring of the academic year are shown. The people shown in this report have a range of circumstances, including: teaching fellows, sabbatical replacements, replacements for person in administrative role (ie Provost), instructors of Residences (e.g. Mackey Chair, Executive in Residence), and long-term adjuncts. Music instructors are excluded.

Data notes

- George Lisensky is listed in the Tenure/Tenure Track Position report. He is teaching this year, after retirement several years earlier following a tenure-track career in the Chemistry department.
- Chris Johnson is listed in the Tenure/Tenure Track Position report. She is teaching this year in HEAL, after retirement following a tenure-track career in the Dance program.

Notes about the PDF and Excel files

- The numbers in the PDF file and Excel file should match. If they do not, please notify IRAP.

Tenure/Tenure Track Count by Department
